Re: Submission of Supplemental Information to SolarReserve's 1041 Permit Application for the Saguache Solar Energy Project

Dear Commissioners Pace, Spearman, and Joseph,

Enclosed, please find a second supplemental submission to our 1041 Permit Application. This was prepared in response to Nancy Lauro's request.

Consistent with our submission of the 1041 document in October and the first supplemental submission that was sent in November, we are sending six hard copies to you now. We have also sent electronic copies to Nancy Lauro and to Wendi Maez.

Thank you for your continued efforts in evaluating our 1041 Permit Application.

Best Regards,

Tom Georgis
Senior Vice President
SolarReserve

Cc: Nancy Lauro, Wendi Maez
